KINCIN & MEYER, the first ward butchers, have taken possession of their new meat market, adjoining J. T. Denton & Co.'s grocery store, on East Eldorado street. Their increase of business made the change imperative.

THE man who waits to get three calls in line before he shoots will some day find the poor-house waiting for him. It is the man who peppers away at call whenever chance offers who will lay up dollars for old age.

JOSEPH BAKER sells the juiciest and sweetest of Florida oranges, the richest of California grapes, the best of candies and nuts, and is himself the cleverest and jolliest dealer in these articles to be found anywhere.

THE man who has just donned his winter flannels may be known by a generally preoccupied look and the anxious solicitude with which he looks up against a lamp post or the sharp edge of a building when he thinks no one is looking at him.

THE barometer handkerchief is among novelties. The design printed upon it represents a man with an umbrella. In fine weather the umbrella is blue, in changeable weather, gray, and in rainy weather, white. The moist lies in printing this design in chloride of cobalt, but the first washing removes this sensitive chemical, and destroys the barometric property.

THE man who will win - and that is why the "Crown Jewel," is becoming so immensely popular as a heating stove. Every housewife who has one of these stoves is so delighted with it that she at once becomes an advertising medium by talking the good qualities of her stove among her neighbors. Call at R. G. Crocker's hardware store and see this wonderful hand coal base heater.

HE objected to the proceeding; said he was one of the F. F. V., and had never been arrested in his life. The policeman did not show any signs of relenting, and then the penniless person said he had been dragged - yes, dragged; but so matter, he was walking down to the "cooler" just the same. Upon inquiry our reporter learned that he had been wrestling with "schmoo" of beer and "red-eye," until his "galassies" became warped and threw him.

STABBING AFFRAY AT MAROA.

Two Maroa Painters, Lon Humphrey and Tim Walter, engaged in a Violent Quarrel, and Walter killed the Worst off.

Lon Humphrey and Tim Walter, two rival painters in business at Maroa thirteen miles north of this city, got into a violent quarrel at that village this morning, which resulted seriously to Walter who, it is reported, was stabbed several times by Humphrey. The injured man was taken to his home, and at last accounts was in a critical condition. The cause of the quarrel is unknown, but it is thought that it grew out of a business transaction. Both men have families. Humphrey formerly resided in this city, and a number of years ago had a little matinee with one of the county officers in which he came out second best.

THE DRUM CORPS ENTERTAINMENT.—Owing to other attractions last evening the Drum Corps supper and festival at the tabernacle was not very largely attended. A splendid supper was spread, and oysters, candies, fruits, etc., were served to all who laid down the nickels, dimes and quarters. During the evening the company was entertained by a shadow pantomime, recitations by Will Carter, and ventriloquism by George Yates, the colored barber. Dinner was served at the tabernacle to-day, and the whole affair settled the organization a neat little sum, which will be used for providing drums for the Drum Corps.

MISS JESSIE E. WILSON AT THE TABERNACLE.—One week from to-night Decatur people will have the opportunity to hear that very popular female lecturer Miss Jessie E. Wilson, of Eau Claire, Wisconsin. Her subject here will be the Big Bonanza, which she handles with great skill. Wherever Miss Wilson has spoken she has made for herself a splendid record. The Fort Wayne Sentinel speaks thus of Miss Wilson's lecture in that city:

The lecture was an excellent one, in every sense of the word, and all present were highly pleased. Miss Wilson is a young lady of fine presence, pleasing and graceful, and of a high order of elocutionary ability. She has a first rate voice, which she handles to great effect. Her lecture shows intelligence, originality, and a keen sense of humor. If Miss Wilson visits Fort Wayne again, she will no doubt attract a large audience.

A PLEASANT PARTY.—Among one of the most successful social efforts of the season, and an evening long to be remembered by those who were so fortunate as to be present, was the entertainment given by Miss Nettle Large to a number of her friends, on last evening, at the home of her cousin, Theodore Nelson, on North Main street. The evening passed only too swiftly for those who were dancing to the sweet strains of the "Italians" from abroad were present: Miss Nellie Alexander, St. Louis; Miss Carter, Hartford, Conn.; Miss Lou Fleming, Piqua, Ohio; Mrs. Houghton, Danville, Ill. As a hostess none can surpass Miss Nettle in graceful courtesy and kind attention in making all feel that they meet "but to be happy."

CAME HOME SICK.—We are sorry to learn that Dr. P. B. Sparks, who on Tuesday last left here with a hunting party to go to Missouri on a hunting and fishing expedition, returned to-day in a very critical state of health. It seems that on day before yesterday he wandered away from his company, and when found his clothes were badly torn and his face scratched from wandering through a thicket of bushes and briars. A trusty gentleman was employed to come home with him, and he is now at his residence on North Franklin street, where it is hoped that quiet and rest may restore him to health.

TEMPERANCE MASS MEETING.—The temperance mass meeting at the tabernacle this evening will be addressed by a Mr. McKenzie, from near La Plac. Brief addresses will probably be made by other gentlemen.

THE BOSS CORN.—The boss lot of corn that has been presented to the IRRIGATION office this season was left to day by Mr. L. R. Stickle, of Wheatland. The lot consisted of seven ears of beautiful white corn, one ear having 1,000 grains upon it. All of the cobs are very small and the ears of unusual weight. We doubt if hand-sown corn can be shown in Macon county or elsewhere.

IN JUSTICE COURT.

Yesterday afternoon Patrick Quinn was before Justice Albert, on a charge of assaulting his wife. A protracted trial was had lasting well on into the evening, which resulted in holding Quinn to bail in the sum of fifty dollars, in default of which he was sent to jail.

In the same court John Keefe, Charles Hoyt and George Boland were arraigned on account of an assault upon Edgewood and its mistress. This case was continued until Wednesday of next week at 9 o'clock in the forenoon, and the boys were committed to jail for want of bail. It is claimed that they not only beat the mistress of the place, but broke up the household furniture and demoralized things generally.

A CARD.

It has been suggested to me by a large number of our citizens, that if the finest companies who visit this place would keep to the popular prices of admission instead of charging \$1.00 for reserved seats, etc., that they would have better houses and make more money. Now, then, I have induced the agent of the Mrs. D. P. Bowers Company to put the admission as usual, which is 50 cents; reserved seats, 75 cents, and gallery, 35 cents. If Mrs. Bowers has a good house here, I am to have Lawrence Barrett, John McCullough, John E. Owens and Mary Anderson, all of whom will be under the same management as Mrs. Bowers. All theatre-going people know that Mrs. Bowers is one of the leading stars of this country. Turn out and help me to secure the best companies traveling.

Mrs. Bowers appears here on Monday evening, Nov. 25th, Yours, etc., FRANK W. HAINES, Manager Opera House.

WILL AMONG THE JUVENILES.—A fierce and sanguinary conflict came off this morning about 6 o'clock between a boy and a girl about the same size who is an inmate of the Ghost House, the battle taking place in front of the building in which the show is. The battle lasted about fifteen minutes, during which time the fists of the two archers flew like drum sticks. A large crowd gathered and several times a whistle was sounded for a policeman, but as none of the guardians the peace put in an appearance the fight was allowed to take its course, and it ended only when both boys gave out from sheer exhaustion, neither having gained any advantage over the other. Both of the contestants got slight scratches and bruises on their faces, but beyond that were as good as new in a few minutes after the fight was over.

GRIMACE.—Tony Denier's Humpty Dumpty troupe appeared before a very large audience at the opera house last night, and gave a splendid performance. Grimace's new and funny tricks kept the audience in a roar of laughter, and sent everybody home in the best of humor. The variety business was the finest performance we have ever seen, and was alone worth the price of admission. The entertainment concluded with a grand patriotic tableau, presenting homage to America in the land of rosy dreams, which ended the strange and eventful history of the village torment.

Mrs. D. P. Bowers.—On Monday evening one of the finest actresses on the American stage will pay Decatur a visit and entertain our people at the opera house. The appearance in the city of so eminent an artist should crowd the opera house to its full capacity. The play to be presented, "Lady Audley's Secret," is one of the best, and in the hands of Mrs. Bowers and her magnificent support, will be the entertainment of the season. Let the people appreciate a good thing and crowd the house.

Terrible Exhausting are the Night Sweats which accompany Consumption. But they, as well as the paroxysms of coughing, are invariably broken up by Dr. Wm. Hall's Balsam for the Lungs, which conquers the deadly malady, as well as bronchitis, pneumonia, pleurisy, asthma, diphtheria and all other affections of the throat, lungs and chest. It saves thousands from untimely graves and is invaluable in rescuing children from the croup, whooping cough and quincy. Sold by S. M. Irwin, the Live Druggist. [22-d&w]

PAY DAY ON THE WABASH.—Paymaster George Shepherd, arrived in the city this morning from the east, and made the Wabash boys happy, by paying them off in full for the month of October. The special car left for St. Louis at noon. George Morgan is special conductor.

TESTIMONY OF ITS WORTH.

The great popularity of Dr. Price's Cream Baking Powder is the best evidence of its worth. Whenever a sweet white biscuit is wanted, or a light pop-sie, an elegant cake, or a delicious pudding, Dr. Price's Cream Baking Powder should be used. It is purely itself.

COMMITTEE.

The Primary Cause of a Distant Symptom.

Nervousness is rarely a disease in itself, but is the lined offspring of dyspepsia, in a majority of cases. The nervous disturbance is at first trifling, but ultimately its parent so undermines the general health as to produce consequences very threatening to that great nervous centre, the brain. Hostetter's Stomach Bitters is the most powerful medicinal opponent of the ravages of indigestion, and protects the nervous system from them. The tremors, the unnatural anxiety, the headaches, the sleeplessness and loss of appetite which characterize digestive irregularity and weakness, and which are almost invariably accompanied by an uncertain condition of the bowels and the inactivity of the liver, are all eradicated by this matchless corrective, and when nervousness does not proceed from the cause designated, it affords most grateful relief. Allen of even date therewith, in the sum of \$2,000, due five years after date, with interest at ten per cent. per annum, payable semi-annually on the first day of May and November in each year, until the last payment of interest, which was to be made on the day of the maturity of said note and said interest being evidenced by interest coupons attached to said note, and also to secure the further sum of five dollars for expenses of recording the principal and fifty cents for expense of remitting each of said payments to be paid semi-annually on said day of May, 1878, for two years from said date, at the instance of said Goldstein and Burrows, trustees, the said note and interest were to be paid on the first day of May and November in each year, until the last payment of interest, which was to be made on the day of the maturity of said note and said interest and said deed will be binding, December 22nd, 1878.

And whereas, default has been made in the payment of the installments of interest, due respectively on the 1st day of May, 1878, and the first day of November, 1878, and the legal holder of said note has applied to said trustees to proceed and sell said premises under the authority in them vested by said deed of trust.

Now therefore, said trustees, hereby give notice that the undersigned will, on the
